We've got your back!

For more than 15 years, the Collaborative for Inclusive Education has partnered with NYC charter schools to ensure equity and inclusion for students with disabilities and multilingual learners. As former special populations leaders ourselves, we understand the challenges of staying on top of evolving laws and policies, tracking and incorporating the latest research, finding and training staff, and managing complex change. Our partnership will build your capacity for success!

Premier

We are all in! Our extensive Premier partnership gives your school community maximum access to our team, both through onsite supports and customized professional development. You will bolster your capacity at all levels within the school - empowering your leaders and educators by supporting growth and best practice sharing. Consistent progress monitoring - often through consultations and personalized trainings - will ensure the unique needs of your school community are being met.

Enhanced

At our most popular membership level, you have access to consistent touchpoints with our expert Collaborative team throughout the year. With a robust number of personal consulting hours and PD seats, we'll grow your capacity to develop strategic plans and systems, as well as customize a development schedule for your educators, as you work to advance your special populations programming.

MOST
POPULAR!

Core

Recognizing your school would benefit from some customized support aligned to a particular special populations challenge you're facing, this membership level serves as the baseline for true engagement. Your school staff will have access to both live PD sessions and online courses, while leadership will appreciate the individualized touchpoints each semester with our expert team to strengthen your school's ability to serve all learners.

Select

You're confident in your internal capacity at both the leader and teacher levels to support comprehensive inclusion for your special populations, so you only need the basics. You'll be able to get your questions quickly answered by our expert team, tap into our comprehensive suite of digital resources and PD archives, stay on top of issues and trends, and take advantage of our diverse learning opportunities to develop your staff.
